QUALIFICATIONS

Using the many talents I possess; dedicated leader, diligent management, visual detail, graphics skills, computer software knowledge, and new and evolving design philosophies, technology, and viewpoints, I will add a strong relationship to any team. I will not only learn from others I work with, but add to their knowledge and insight using the skills I have. Whether working in a group or alone, on a computer or by hand, creativity and thinking outside the box is a must.

EDUCATION

1999-2004 Bachelors of Science, The Ohio State University, Austin E. Knowlton School of Architecture Section of Landscape Architecture, Columbus, Ohio

LICENSURE

Registered Landscape Architect, State of Texas, #3229

EMPLOYMENT

2018-Current NBCUniversal / Universal Creative - Manager, Project Facility
Orlando, Florida

As a central leadership team member, I have immersed myself in a majority of project tasks related to a large scale theme park development. My inherent analytical and problem-solving skills have been fundamental to the success in maintaining an on-budget and on-schedule project. I constantly find myself using the leadership and communication skills I have developed during my career to encourage collaboration between multiple creative groups and organizations. I have also been fortunate to participate and engage in multiple unique responsibilities within the organization that has led to becoming a key player in the development and enforcement of project specifications and guidelines all while maintaining creative and unique design solutions. Daily engagement with project schedules, estimates, budgets, and deadlines has tasked me in becoming a valuable resource for our project team.

NBCUniversal / Universal Creative - Area Development Manager
Orlando, Florida

As a key manager in the creation and design of a unique theme park development, I put my knowledge of Landscape Architecture and my strong desire to create life-long memorable environments to great use when developing concepts, documenting design direction, and managing consulting vendors. Regularly working with the project team I utilized consistent effective communication between internal and external resources facilitating in the development and assembly of a cohesive well thought out storytelling design, direction, and pallet that enforces and complements the team's design vision.

2017-2018 LandDesign - Senior Landscape Designer
Charlotte, North Carolina

2013-2017 TBG Partners - Senior Associate, Landscape Architect
Houston, Texas

Perform as a dedicated team lead in a multi disciplinary design firm that focuses on creativity and placemaking to create memorable settings elevating environments from ordinary to extraordinary. As a Senior Associate in the Houston office, a designer, and project manager I managing a multitude of projects to accommodate multifaceted environments that provide meaning and introduce elements of nature into life's moments. As a leader, my team and our studio have a collaborative, hands-on approach that ensures the best ideas from around the firm rise to the top and guide our practice. In addition to team management I assumed the role as a firm technology resource helping to bridge the gap between Information Technology and real world practice applications as they pertain to our profession.

TBG Partners - Associate, Landscape Architect
Houston, Texas

2012-2013 Lee and Associates - Project Designer
Austin, Texas

Responsible for regional Multi-Family and High End Residential landscape construction documentation. Work with a team to create hospitality driven Multi Family developments that diverge from traditional templates

2009-2012 Site Concepts International - Project Designer, Project Manager

Sarasota, Florida

I was responsible for domestic and international project design including everything from initial concepts to final construction drawings. I worked with team members creating hospitality and resort driven projects for hotel developers worldwide. I produced innovative design sketches, renderings, master plans as well as production of design and construction documents with numerous coordination responsibilities.

2008-2009 MSi Design - Project Designer
Orlando, Florida

Worked with a team to produce extensive Resort and Theme Park landscape designs to fulfill client's needs. Helped in the production of multiple schematic, design development, and construction drawing packages as well as supporting hand graphics and master plan renderings to convey the clients overall intentions.

2004-2008 The Ginn Company - Project Designer, Project Manager
Celebration, Florida

Responsible for a variety of Landscape Architecture tasks including Design Development Drawings, Project Management, and Master Planning. Development of landscape designs from inception to final installation as well as construction administration. Well rounded in schematic design drawings, design development drawings, construction drawings, master plan renderings, sections and elevations.
